Fast Forward special edition listing new film and video aquisitions available through Visual Media Resources. H-341

Catch 'Em Being Good
16mm col 30 min
Prentice-Hall 1980
Research-based methods for dealing with students who have academic and social difficulties are discussed and compared to traditional methods of responding to common behaviour and performance problems.

Child's Guide To Languages (A)
3/4" col 50 min Horizon 1987
This programme provides an in-depth survey of major theories of language acquisition. Prof. S. Krashen, Dept. of Linguistics, University of Southern California, is featured, along with a number of other prominent researchers in the field.

Development of the Heart
16mm col 35 min Squibb 1957
The normal development of the heart of the fetus from the third to the eleventh week is studied through a visual presentation.

Daewoo Group
3/4" col 15 min HBS 1985
This case study focuses on the entrepreneurship of Chairman Kim Woo-Choong of Daewoo Group, which became one of the four major group companies in Korea in just 17 years. The group's overall strategies are explored in conjunction with the evolution of Korea's industrial policies.

Effective Negotiator (The)
3/4" 35 min AMA 1984
Basic concepts underlying a problem-solving approach to negotiation are addressed in this video course. Facts, problem solving, creativity and reason are emphasized as opposed to hard tactics and manipulation to develop mutually satisfying relationships.

El Salvador: Revolution or Death
16mm 46 min Derde Cine 1980
This documentary is a graphic and heart-wrenching account of a country in the midst of revolution. The film provides remarkable footage of El Salvadoreans telling their own stories about atrocities committed against themselves and their families. As well, it offers an historical overview of the current crisis.

Franz Boas: 1852-1942
3/4" col 58 min ODYS 1986
An in-depth profile of the German physicist who was responsible for shaping the methods of American anthropology by bringing discipline and order to a field that had previously dealt in

EDITOR: MARK SCHOFIELD
ASST.EDITORS: CAROLE THERIAULT
ERIKA JUSTMANN
INPUT: PINA SBLENDORIO

PRODUCED ON MAC PLUS & 'PAGE MAKER' SOFTW. BY DANA BODNAR

subjective "race classification." Interwoven with the story of Boas' life and work is the story of the Kwakuit native Americans of the Northwest Coast.

Intercon International
3/4" col 11 min HBS 1985
This particular case study focuses on Intercon International. This fast growing supplier to the electronics industry must choose among three proposals for expanding its international manufacturing capability. President Peter Davis is presented as he reveals the company's decision.

Out of the Fiery Furnace: The Age of Metals- Can It Last?
3/4" col 58 min ODYS 1986
This programme explores modern metal and energy resources, including the environmental destruction that comes as a result of mining. New methods of energy and metal exploitation are discussed, with emphasis on the discovery of mineral reserves in Asia.

Long Search (The): A Question of Balance
3/4" col 50 min BBC 1977
Taiwan, where a whole pantheon of gods - local and imported from the mainland- are worshipped, is featured as a center for Buddhist and Taoist temples.

Long Search (The): There Is No God But God
3/4" col 50 min BBC 1977
The Islamic experience is examined in Cairo's Great Mosque and ancient University of El Aghar, and in a tiny community on the edge of the desert, to provide insight into the religious tradition of Islam.

Magnificent Ambersons
vdisc b/w Criterion 88 min 1986
Filmed virtually entirely in dark and shade, The Magnificent Ambersons is considered one of Orson Welles' classic films. The special features in this videodisc include a commentary by Bob Carringer , Orson Welles' complete shooting script, the complete story boards and the entire radio play (in audio) by Welles' Mercury Theatre Group.

Margaret Mead: Taking Note
3/4" col 58 min ODYS 1986
Through her studies of children and families, Margaret Mead became a well known anthropologist. This profile chronicles Mead's life and career, including some unique archival documentary footage.

May's Miracle
3/4" col 26 min CBC 1981
The medical term for Leslie Lemke's condition is "idiot savant". His mother May calls it a miracle. Through her determined teaching and support this mentally handicapped, blind, 29 year old with cerebral palsy has exhibited an amazing aptitude for music.

Microworld
3/4" col 50 min Horizon 1984
Success in the world of microchip manufacture depends on-being able to make smaller chips - problematic for both engineer and scientist. HORIZON examines the future of electronics in both industrial and academic laboratories and looks at some of the pioneer work now taking place.

The Multiproblem Patient
3/4" 35 min Golden 1983
This programme demonstrates examples of therapist/patient sessions intended for training purposes. The patient represents a client with numerous problems; economic, legal, emotional, and social. A goal-oriented approach is outlined and utilized in each interview.

National Parks: Playground or Paradise
3/4" 59 min Nat. Geog. 1981
Can we both use and preserve national parks? Visits to Yellowstone, Yosemite and the Grand Canyon point out the dilemma. Urban parks are emerging as a new park frontier.

Nicky: One of My Best Friends
16mm col 15 min Toggs 1975
This film provides a sympathetic portrait of a multiply handicapped 12 year old boy and his successful integration into a suburban public school.

People Express
3/4" 50 min Harvard 1985
In this programme, Don Burr, Chairman and Chief Executive Officer, describes the startup and first four years of People Express Airlines. This case study discusses certain issues, i.e. new enterprises, organizational design, and human resource management. A second tape addresses these concerns in a question-and-answer session with Don Burr.

Philip Pearlstein Draws: The Artist's Model
vdisc col Interactive Media 1986
This videodisc with interactive application focuses on the painting and teaching ideas of one of the most important and influential artists of the twentieth

century. With the aid of the most advanced computer-based graphics system, Pearlstein demonstrates the process of drawing the figure in several styles.

Piaget On Piaget
16mm col 42 min YUMDS 1978
In this film, Jean Piaget presents his theories on child development and his interpretations of experiments involving Swiss children.

Question Of Management : A Historical Perspective
3/4" 29 min Salenger 1986
The history of management theory is reviewed in this video programme. Methods are traced from Adam Smith to today's Systems Approach and Contingency Theories.

Rain Forest
Beta 59 min Nat. Geo. 1983
Come to Costa Rica, where moist tropical forests present viewers with an astonishing paradox: an ecosystem of spectacular richness sustained by soil unbelievably impoverished. This National Geographic Special examines some of the consequences of man's exploration of these tropical forests.

Sanctuary of the Earth Goddess
3/4" 42 min Frey 1986
This programme takes us on a mystical journey to the land of the Minangkabau, who are believed to be one of the largest matrilineal societies in the world today. Drama and documentary footage are intertwined to depict the ancient legend of the Earth Goddess as it influences the lives of the villagers.

Secret Weapons
3/4" 55 min BBC 1986
"Secret Weapons" features Tom Eisner in his exploration of the secret world of insects and addresses some of the concerns expressed in the book of the same name.

Story of English (The): An English Speaking World
3/4" col 55 min
McNeil/Lehrer 1986
The making of the English language is the story of three invasions and a cultural revolution. This programme surveys the early history of the language from the invasion of Britain by the Anglo-Saxons to the poetry of the first great English writer, Geoffrey Chaucer.

Story of English (The): Mother Tongue
3/4" col 55 min
McNeil/Lehrer 1986

COPYRIGHT AWARENESS

"Copyright is infringed if the user reproduces the work without having obtained permission from the copyright owner to do so. Similarly, the copyright owner has sole and exclusive public performance rights. A public performance is defined as one which does not take place in a domestic or home setting. Schools and libraries are not domestic situations, and therefore it is illegal to exhibit works in these situations unless public performance rights have been obtained from the copyright owner."

- W. Noel, counsel to The Parliamentary Subcommittee on the Revision of Copyright.

MEDIA NEWS:

So, what's the good news?
Many distributors will provide a free preview for purchase consideration. Contact your media consultant in VMR to make preview arrangements as well as to locate alternative media software from a number of community media centers.

NFB Off-Air Taping:

In May of this year, the NFB issued a news release regarding single copy off-air video taping. Designed primarily for educational and public institutions, this programme allows viewers to video-tape any NFB film broadcast by a TV station or a cable company. The recording can be held for preview purposes without fee for 7 days, after which users must purchase an off-air taping license. Cost is $2.00 per minute for three years. Off-air and preview requests should be directed to **Erika Justmann,** Head, Visual Media Resources, **H-34l,** or local **3443.**

To order any of the titles listed in FAST FORWARD, please complete this media request form and return it to **Carole Theriault, H-34l,** or give us a call at local **3445.**
(Allow for three working days notice)
